

**THE GERBER FOUNDATION
2019 APPROVED GRANTS**

Grantee organization name	City	Grant description	Grant amount	Duration (in yrs)
Pediatric Health				
Washington University in St. Louis	St Louis MO	Adrenal insufficiency and hypotension in preterm infants	341,956	3
Weill Cornell Medical College	New York NY	Mortality, morbidity, and healthcare utilization of newborns with neonatal opioid withdrawal syndrome from birth through 2 years of age	250,000	2
Lucille Packard Childrens Hospital at Stanford	Stanford CA	Normal temperature percentiles in healthy infants and children and an analysis of the practice and impact of temperature measurement at "well child" visits	19,994	2
University of Rochester	Rochester NY	A comparison of mismatch negativity waveform differences in opioid-exposed and non-exposed neonates.	20,000	1
Vanderbilt University Medical Center	Nashville TN	Developing and Testing a User-Centered Ventilator Weaning Protocol for Critically Ill Neonates	317,864	3
Children's Hospital Los Angeles	Los Angeles CA	Improving diagnosis and management of pediatric tracheostomy-associated respiratory infections	350,000	3
Children's Hospital Los Angeles	Los Angeles CA	Effectiveness of Therapeutic Hypothermia in Neonates with Mild Hypoxic-Ischemic Encephalopathy	18,442	2
Children's Hospital Medical Center	Cincinnati OH	Targeting Beta-Lactam Antibiotics in Young Critically Ill Children with Sepsis – Evaluating Pharmacokinetic Variability and Pharmacodynamic Target Attainment	20,000	2
Pediatric Nutrition				
Brigham and Women's Hospital, Inc.	Boston MA	Zinc nutritional status in preterm infants: exosomes as a novel, non-invasive biomarker and associations with growth, brain development, and injury	349,998	2
St. Louis University	St. Louis MO	Calgranulins and Vitamin D Status in Preterm Infants Born after Chorioamnionitis	349,668	3
University of California, SD	San Diego CA	Detection of Marijuana metabolites in human milk and relation to child growth and neurodevelopmental outcomes	350,000	3
UT Southwestern Medical Center	Dallas TX	Gastrointestinal Motility in Premature Babies	20,000	2
Kennesaw State University	Atlanta GA	Determining what values in growth curves best classify small and large-for-gestational age in preterm infants to predict morbidity and mortality	334,233	3
Helen DeVos Children's Hospital Foundation	Grand Rapids MI	Anatomic Growth and Speech Outcomes Using the Buccal Flap Approach for Cleft Palate	177,407	3
