Online registration and login. Once registered students will be able to keep track of their information for the entire scholarship process from application to award in the online account.

- Go to <https://gerberfoundation.smartsimple.com> to register and login.
- Register using the Scholarship Registration button on the lower left of the Login Page.
- First, in the Organization Name box on the registration page, type and select:
 - Name of your high school, (example: Fremont High School or Newaygo High School, etc.) or
 - Home School, for home schooled students living in Newaygo County
- Second, complete the remaining student personal information. Use a non-school email you monitor regularly. After you submit your registration information the system will email a temporary password to login to the application for the first time.

Application. Student educational information, a student personal statement, one letter of recommendation, and a counselor grade report are required for each application. Start your application early since your application requires uploads from a recommender and counselor. If they don't complete those uploads before the deadline the application can be disqualified. Students should monitor the status of the uploads in the online application system.

Payment: To receive payment, recipients must submit a copy of their acceptance letter to the college/university or training program they will be attending, their financial aid letter or offer, and a signed agreement letter provided by the Gerber Foundation.
